VISITORS IN MANY HOSPITABLE HOMES

During C. W. B. M. And Sunday-School Convention Here—Officers Chosen, Session Ends

The Tenth District C. W. B. M. and Christian Sunday-School Association closed its two days' convention here on Friday night, with services at the Christian church. Several splendid addresses were made during the convention and every delegate present felt it was good to have been present and to have heard the inspiring report of the work in the four counties which this convention covers.

Practically all of the old officers, who have done such splendid work, were re-elected for another year, as follows:

Miss Sallie Elkin, of Lancaster, succeeds Mrs. George D. Robinson, of the same place, as district manager for the C. W. B. M.; President W. I. Williams, of Lancaster, of the Bible School Association, was re-elected, and Miss Elizabeth Simpson, of Markbury, again chosen as secretary and statistician.

Stanford was crowded with visitors during the convention and its hospitable homes opened for their reception and entertainment. Among the guests here and their hostesses were the following:

With Mrs. J. C. Eubanks—Mrs. Emma Higginbotham, Misses Betsy West and Nell Johnson, of Lancaster; Mrs. Hammond, of Hustonville; H. W. Elliott, of Sulphur; with Mrs. A. S. Price—Mrs. A. P. Price, Lancaster; with Mrs. J. J. McRoberts—Mrs. Joe Mount, Lancaster; with Mrs. J. S. Baughman—Mrs. R. E. McRoberts, Lancaster, and Misses Bessie Turley and Tillie Douglas and Mrs. H. B. Deatherage, Richmond; with Mrs. C. E. Tate—Mrs. Emma Kaufman, Lancaster, Mr. and Mrs. R. M. Hopkins, Louisville, Mrs. C. W. Williams, Somerset Mr. and Mrs. J. B. Willis, Crab Orchard; with Mrs. B. D. Carter—Meadames Arnold, of Lancaster, Floyd, of Hustonville, Van Winkle, of Berea; with Mrs. Wm. Bright—Meadames J. B. Kinnaird, of Lancaster, Mary Walden, of Danville; with Mrs. J. B. Foster—W. L. Williams, Lancaster; with Mrs. James H. Baughman—Mrs. Will Embry, Lancaster; with Mrs. W. B. O'Bannon—Mrs. Robert Embry, of Lancaster; with Miss Bessie Yantis—Miss Allen Yantis, Lancaster; with Mrs. W. K. Warner—Mrs. Wm. Burnett, Lancaster; with Miss Phillips—Mr. Grubbs, Lancaster; with Mrs. Bettie Hardin—Meadames Jennie Carpenter, Minnie Robinson, Rev. and Mrs. W. S. Willis, Hustonville; with Mrs. J. W. Baughman—Meadames June Hocker and Stephens, Hustonville; with Mrs. Wm. Severance—Mr. and Mrs. R. L. Berry, Hustonville, Miss Florence Miller, Hazel Green, Miss Sallie Elkin, of Lancaster, Miss Ophelia Lackey, Crab Orchard; with Mrs. W. T. Smith—Mrs. A. E. Gibbons, Danville; with Mrs. J. G. Carpenter—Mrs. Homer Carpenter of Shelbyville; Mr. and Miss Leavell, Bryantsville; with Miss Jennie Hocker—Rev. Whitehead, Mrs. A. D. Root, Miss Gabie Bradshaw, Turnersville; with Mrs. Catherine McClary—Mrs. W. M. Murphy, Turnersville, Miss Mollie Brooks, Crab Orchard; with Miss Lena Palmer—Mrs. Willis, Kirksville; with Mrs. H. C. Bangham—Prof. H. L. Calhoun, Lexington, Prof. H. S. Saxby, Somerset; with Mrs. L. B. Cook—Meadames Dodd and Owens, Somerset; with Mrs. Randolph Harris—Mrs. Gilbert Grinstead, Somerset; with Miss Sara Baughman—Mrs. B. J. Betherum, Somerset; with Miss Elizabeth Baughman—Miss Crawford, Somerset; with Mrs. Mattie Phillips—Misses Elizabeth Simpson and Georgia Dunn and Mr. Lytle, Bryantsville; with Mrs. James Dudderdar—Rev. F. M. Tindler, Mrs. Wm. Lear, Lancaster; with Mrs. W. H. Shanks—Meadames R. E. Turley and Joe Chenault, Richmond; with Mrs. W. P. Grimes—Mrs. Flannery, of Berea, and Miss Emma Dejarnette, Richmond; with Mrs. A. H. Severance—Miss Mary Tribble, Richmond; with Mrs. W. G. Wither—Meadames Douglas and Gibson, Richmond; with Mrs. Blain—Mrs. Elmer Deatherage, Richmond; with Mrs. R. M. Newland—Messrs. John Arnold and Turley, Richmond.

Killings In Lee County.

Two men are dead, two are mortally wounded and two seriously hurt as the result of a fight at the country resort of Dudley Lutes, son of former County Clerk W. C. Lutes, near Heidelberg, in Lee county. The dead are: C. Jones and Jeff Wilson, Clay Hall and Elmer Mattos will die. Robert Farmer was shot in the leg and John Swann, telegraph operator at Heidelberg, was shot in the foot. All were in the place drinking.

TELEPHONE WIRES CUT FROM POLES.

Independent Service Between Hedgeville and Hubble Destroyed by Unknown Vandals.

The independent telephone line between Hubble and Hedgeville, lying partly in Lincoln and partly in Boyle counties was cut down from every pole by unknown parties Wednesday night, depriving all the subscribers in that part of the two counties of telephone service.

A. H. Bastin, of Lancaster, manager of the company which owns the line, says the work was done by an expert with wire clippers and that it will take from two to four weeks to repair the damage. He has offered a reward of \$250 for the arrest and conviction of the guilty parties. He knows of no reason for the deed.

No night riders have ever been on raids in that part of the country, and no reason can be assigned for the vandalism.

J. M. Alverson

Accepts Nice Position With Frankfort Printing Company.

Jesse M. Alverson, of this city, who for 16 years was connected with the INTERIOR JOURNAL office, has accepted a position in the composing room of the Frankfort Printing Company at Frankfort, and will take up his new work as soon as his duties as assistant clerk of the Senate are concluded on May 1st. Mr. Alverson understands the printing business from top to bottom and will prove a very valuable man for the big concern with which he will in the future be connected.

During his almost a score of years' residence in Lincoln county he has taken an active part in democratic politics and was twice elected to represent the county in the Legislature. He has served two terms as assistant clerk of the Senate and stands right in line for further political advancement. His friend's here will regret that he is to leave Stanford, but will wish him success in his new field.

Hogs Get Drunk

When Booze From Burning Distillery Flowed Into Creek.

A distillery owned by G. P. Adderholt and located near Bronston, Pulaski county, was burned and 18 gallons of whisky and 180 gallons of beer went up in flames. When discovered about 5 o'clock the fire had made such headway that nothing could be saved. The loss to the building and machinery is about \$5,000, with no insurance. The origin of the fire is unknown. Mr. Adderholt will not likely rebuild before next fall. Much of the whisky from the burning and broken barrels flowed down the small stream that runs past the distillery site. About 25 hogs were in the field by the stream and they drank the whisky and soon there could be seen the spectacular sight of drunken hogs going through all the antics of drunken men.

Highland.

There is a good deal of sickness in this community. J. M. Bastin, who has been very sick with inflammatory rheumatism, is somewhat improved.

Jeff Hale and M. G. Young are both very sick. Rev. J. M. Cook, who was confined to his bed for three weeks, is able to be out some. Mrs. D. W. Jenkins is also ill.

George Coffey has moved his saw mill from South Fork to R. L. Hubble's farm near Lancaster. Julian Carrier has put up his saw mill on the farm of Jim Bunch near this place.

The meeting at the Methodist church by Rev. Morris, of Bethel Ridge, and the pastor, Rev. Haggard, closed a few days since with about 25 additions to the church and several conversions.

John Lutes and family, of Hustonville, have moved into our midst and will run the store recently owned by J. S. Young. In addition to this Mr. Lutes is putting up some stock scales and will buy and sell stock.

J. H. Butts has his new store house about completed, which is quite an improvement over the old one.

Misses Fannie and Effie Young, after spending a few days at home here, have returned to school at Richmond. Mrs. Mike Floyd has gone to visit her daughter, Mrs. James, in Owen county.

ACTOR TAKEN ILL WHILE PLAYING HERE

Member Of "Wyoming Girl" Company Stricken With Fever—Claims To Be A Mason.

C. A. Annis, a member of the "Girl From Wyoming" Company, which played here Monday night, was taken ill in his room at the Coffey House, and unable to leave with the troupe next day. Physicians pronounced his trouble fever, bordering on typhoid, and applied to the Masons here for assistance. Annis claimed to have been a member of the lodge at Osage, Iowa, his home, but a telegram from the officers of that lodge said he had never belonged there. The local lodge officers gave him a thorough examination into the secrets of Masonry, which he answered in every particular. He also said he was a K. P., and he was examined in this also.

The Osage Masons said in their telegram that a Mrs. Dr. Annis had a son somewhere in the South and to examine the man here for tattoo marks, which it was found he had. He was under the effects of medicine, and it was thought that he may have become confused as to the lodge in which his membership lies.

Hustonville.

Mrs. Ann Bosley has been visiting her children in Danville.

Mrs. J. G. Shirrell, of Dunnville, a sister of Mrs. Bettie Williams, died there on the 6th and was buried on the 6th. They were daughters of the widely known blind physician, who for many years practiced his profession in that locality.

Thomas Marples refused an offer of \$550 for a model yearling by Almont Dare.

F. G. Carson has resigned his position as census enumerator in precinct 2 and has opened a pool and lunch-room in the Newton building.

S. T. Powell is the happy owner of an Almont Dare yearling that is a model. He expects to return from the blue-grass circuit with a blue ribbon for every entry.

Milton McCormack, our south-paw twirler, who is with the Paris team in the Blue Grass League, is showing such a variety of curves, drops and dazzling shots that all the opposing batters are failing to connect with his delivery so far.

Mrs. D. S. Carpenter has arrived home from a delightful visit to her relatives, Mr. and Mrs. Thos. Weatherford, near Bradfordville.

Rev. W. S. Willis returned from Shelbyville, where he had relatives seriously injured in an automobile wreck last week.

Dr. Cobliss, of Livingston, has rented the new cottage, just completed, of Miss Ellen Powers, and will begin the practice of his profession.

Mr. and Mrs. George McKinney will leave in a few days for an extended visit to relatives in Oklahoma. They carry the best wishes of our citizens with them, for Kentucky has no better people than they.

A good crowd attended the annual horse show here Saturday and several equine specimens, second to none in Kentucky, were greatly admired.

Miss Rose Yowell and Mrs. Lena Yowell Averitt, of Bradfordville, are visiting their parents, Mr. and Mrs. Florence Yowell.

Will M. Dodd, on his way home Saturday eve, was thrown from his buggy on West Main street and seriously injured. Dr. Alcorn dressed his wounds and he was taken home, where he is suffering much pain. His numerous friends hope for his early and full recovery.

The big demand by railroads of late for the best quality of gray limestone rock has developed the fact that we have the best and in large quantities and in very desirable locations for quarrying and loading. The Southern will use it all.

Early gardens and the flattering prospects for an abundant fruit crop followed the route of "Ward's ducks" Tuesday to a more congenial climate, where snow and ice prevail not in the springtime.

A tract of 200 acres of good timbered land on upper Green river, lying on country road; some fine tobacco land at a big bargain, if sold at once. Price, \$1,650. Also a 215-acre farm, with splendid improvements, in fine community, close to school and churches, in Green river valley. Can be bought so as to make 33 to 50 per cent. on the investment. See quick. W. R. Williams & Co.

Luther Reeves, a Bourbon county farmer, died as the result of being hit on the head with a stone by his son, Tom Reeves, following a quarrel over a tobacco crop. The young man is frantic over the deed.

In any calling of life demands a vigorous body and a keen brain. Without health there is no success. But Electric Bitters is the greatest Health Builder the world has ever known. It compels perfect action of stomach, liver, kidneys and bowels, purifies and enriches the blood, tones and invigorates the whole system and enables you to stand the wear and tear of your daily work. "After months of suffering from kidney trouble," writes W. M. Sherman, "three bottles of Electric Bitters made me feel like a new man." 50¢ at Pen's Drug Store.

SENSATIONAL KILLING IN BEREAL

Bank President And Druggist Samuel Welch Shot By His Son-in-Law, G. C. Fish.

A dispatch from Berea, Madison county, says that Samuel Welch, president of the Berea National Bank and one of the wealthiest and most prominent residents of that place, was shot and instantly killed in his drug store there Tuesday night at 7 o'clock by his son-in-law, Grover C. Fish, who surrendered to Deputy Sheriff Johnson and was taken to the county jail at Richmond.

Welch and Fish walked down the street together and on their reaching the drug store, Welch entered the building, going to the cigar stand, where he took a cigar and was in the act of lighting it when five shots were fired by Fish from the front of the store.

Welch, who was 55 years old, was born in Jackson, Ky., but went to Berea. He accumulated a considerable fortune, becoming president of a bank and at the time of his death was the owner of several stores in Berea.

He is survived by his wife, one son and two daughters. His only son, John Fish, is now attending Yale University. His daughter, Miss Dooley, married Grover Cleveland Fish, while his youngest daughter, Miss Hilda, lives at home.

Fish claims that he acted in self-defense. He says he went into the drug store to buy some chewing gum and Welch, who came in afterward, made a motion as if to draw his pistol.

Bitter feelings has existed between Fish and Welch for many months, and Welch had refused a few days ago to allow Fish to see his wife, who is Welch's daughter, using abusive and threatening language, so Fish says.

President Tigert

Will Deliver Commencement Address to High School Graduates.

Prof. John J. Tigert, of the Kentucky Wesleyan College at Winchester, has accepted an invitation extended him by Prof. J. W. Ireland, to deliver the commencement address to the Stanford High School, graduating class on the evening of May 25th. President Tigert is one of the most finished educators in the State, being a graduate of Vanderbilt, and a Cecil Rhodes scholarship graduate of Oxford College, England.

Grave Diggers Struck Gold

And Got So Excited Funeral Was Delayed Some Time.

While digging a grave for the interment of the body of Marion Robinson, Center, Barren county, several residents of the locality found a number of pieces of gold-bearing ore which are of sufficient size and quality to indicate that they are parts of a rich deposit.

Those who made the find became so excited over the discovery that they abandoned their work and when the hearse and funeral procession arrived the grave was unfinished and other parties had to complete the job. It is said that a royal road is now on over the ownership of the land where the specimens of gold were found and that a lawsuit may result.

Will M. Dodd, on his way home Saturday eve, was thrown from his buggy on West Main street and seriously injured. Dr. Alcorn dressed his wounds and he was taken home, where he is suffering much pain. His numerous friends hope for his early and full recovery.

The administrator of Walter Hunt secured a verdict of \$7,000 against the Louisville & Nashville railroad in the circuit court at Mt. Vernon this week. Hunt was flagging for a freight train and it was claimed that he was struck by a train and killed while sitting on the end of the ties near Gum Sulphur, in Rockcastle.

Early gardens and the flattering prospects for an abundant fruit crop followed the route of "Ward's ducks" Tuesday to a more congenial climate, where snow and ice prevail not in the springtime.

A tract of 200 acres of good timbered land on upper Green river, lying on country road; some fine tobacco land at a big bargain, if sold at once. Price, \$1,650. Also a 215-acre farm, with

splendid improvements, in fine community, close to school and churches, in Green river valley. Can be bought so as to make 33 to 50 per cent. on the investment. See quick. W. R. Williams & Co.

Reaching The Top.

At the meeting of the Danville Sunday School and District Conference in Richmond on April 26, Rev. J. J. Dickey, of this city, will speak on "Literature of Today as Help or Hindrance."

What is said to have been the largest Sunday-school attendance in the history of Stanford was present Sunday morning at the Christian church. There were exactly 244 scholars present when Superintendent C. E. Tate had the roll called for the day's lesson.

Like Elixir Springs.

Col. A. T. Wingate has returned from a stay at Sims' Elixir Springs in Casey county and states that he is delighted with the water and that he was greatly improved. There have been some remarkable cures of rheumatism at the Elixir Springs, which appear to be even greater in curative powers than the world-famed Martinsville. Many Danville people anticipate spending some time at Elixir Springs the coming season.—Danville Advocate.

CAUGHT SCARLET FEVER FROM PAGES OF BOOK

Little Bessie McAlister Very Low Of Complication of Scarlet And Typhoid Fevers.

Little Bessie McAlister, the 10-year-old daughter of Mr. and Mrs. J. H. McAlister, is very ill at the home of her aunt, Mrs. Bohon, at Lebanon, and but little hope is entertained for her recovery, as she is suffering from complications of scarlet and typhoid fever. The heavy hand of affliction has truly been laid on this family, as Mrs. McAlister is but just recovering from a severe attack of typhoid, and before she left here to be with her aunt, the little girl had gone through a siege of diphtheria.

A short time before she went there, some of the children in the household had scarlet, but had recovered.

Every room they had occupied had been thor-

oughly fumigated, but one loophole,

which no one suspected, had been left.

One of the children's books with which

the little ones amused themselves while

ill, had not been fumigated, and soon

after she arrived, little Bessie McAlister

picked up the book and examined it with childish interest.

Soon afterward she was taken ill with scarlet fever, proving that the innocent book had

proven a source of contagion.

From scarlet fever and is so

low that her mother, just recovered

from typhoid herself, went to the bed-

side of her baby.

Watch For Our BIG OPENING Next County Court Day MAY 9TH.

Pence Bros., Stanford, Ky.

We will have on display at that time the greatest collection of farming implements, buggies, etc., ever assembled in Lincoln county or this part of the state. No farmer can afford to miss it for with every line that we handle will be a personal representative of the manufacturer, who will be here to give every farmer all the information he wants about each and every piece of machinery. These men are experts and we have secured them at great expense for the benefit of our customers.

Every one in Lincoln and all surrounding counties is invited to call and see our complete stock. Come and investigate whether you buy or not, but

We Will Give a Nice and Valuable present to Everyone who makes a Purchase to the Amount of \$5.00 or over.

You cannot afford to miss this opportunity to see the best and latest patterns of agricultural implements which we will have on hand at that time, such as

Buggies

Columbus
Moyer
Brockway
Ratterman & Luth
Ahlbrand

Old Hickory Wagons
Kraus Pivot axle Cultivator
Brown Manley walking Cultivator

McCormack Binders, Mowers
Haystackers and Bullrakes
20th Century Manure Spreaders

Globe Fertilizers
Swift Fertilizers
Hoosier Drills

Pioneer Farm Fence
Kelley Springfield Tires

International Stock Food; Salvet, the Great Tonic and Conditioner for all Farm Animals. All kinds of Buggy and Farm Harness, Lap Robes, Whips, etc.

DON'T FORGET THE DAY

Court Day, May 9th.

Come and Bring Your Friends, Wives, Sweethearts and Children.

We've Something to Interest them all and Something

They Ought To See.

PENCE BROS.,

STANFORD, KENTUCKY.

CARROLL PRESTON.

Sired by Preston 922, by Washington 54, by Cromwell 73, by Washington Denmark 64.

1st dam Baby Pence, sired by Enoch Arden, 2nd dam Lady Pence by Alpine Forest 2863, 3rd dam by Garrard Chief.

He is a beautiful bay 15 1/2 hands high four years of age. He has more natural action than any horse living, and from his success as a show horse in his three year old form bids fair to make a greater show horse than his grand old sire, being undefeated in his class as a three year old and always getting his part in the stakes against the crack show horses of 1909.

This great young stallion will make the season of 1910 at the stock yards of A. T. Nunnelley, Stanford Ky., at the reasonable figure of \$25 to insure a living colt. Mares kept at \$2.50 per month, and not responsible for accident or escape. Season due when mares are paraded with or bled to other stock.

W. O. Walker, Stanford, Kentucky.

Black Joe.

This handsome young stallion the property of J. D. Fads & Son will make the season of 1910 at my barn in Crab Orchard, Ky., at the very reasonable price of \$15 to insure a living colt.

Black Joe by the noted sire Preston 922, 1st dam Lucile 2nd dam Bettie Robinson by Robinson's Vermont Hambletonian. He is a black horse 15 1/2 hands high, weighing 1025 pounds, 5 gaited and very fast both in his rack and trot, with plenty of style and action. Just the kind of horse for the farmer to breed to to get the best all round horse. See this horse before you book your mares and I know you will go no further. Will keep mares on grass at \$2.50 per month, but will not be responsible for accident or escape of stock. Lease retained on colt for season until paid. Season is due if mares are traded or paraded with or bled to other stock.

J. C. BAILEY,
Crab Orchard, Ky.

BEAU NABOTH.

Sired by Naboth 16-118, record 2,194. Beau Naboth's first dam Nora Beaughman by Noval 120 record 2,141 by Electromer 125, second dam Linda 161, sired by Metropolitan 127, by Fairmount 128, 3rd dam by Electromer 129, fourth dam Mary Wilbers by Oliver thoroughbred, fifth dam sired by Wagner, sixth dam sired by Long Trumbull, seventh dam sired by The Youngster. Beau Naboth is a large horse standing 16 hands and weighing condition 1,100 pounds. When he becomes acquainted with the story of his limited education you begin to realize that he is truly a remarkable harness stallion, the first and greatest horse to prove the wonderful progress that the horse made. With very little handling he has proven to be the champion harness stallion of Kentucky. He has won over the best horses and Kentucky has proved. Head of him and Kentucky has proved. There is no better stallion in Kentucky than he is. He gets first-class combined horses, gird him a saddle mare he will get you a saddle colt, give him a trotter mare, he will get you a trotter colt. He is a horse that is second to none in his conformation and in most any horse in Kentucky. George Wilkes Electromer, Hamilton and four crosses of thoroughbred to give him stamina. Come and see this horse he lives without a family and you will be surprised to find that the cost cannot be excelled by any horse. Will stand at the Nunnelley Stock Yards. John Cook, caretaker, phone 194, the best personal care taken.

Fee \$10 to insure a living colt.
J. M. PETTUS,
Stanford, Ky.
Phone 8-8 Rings.

Some Kentucky Fair Dates.

Lancaster, July 27-3 days.
Versailles, Aug. 3-4 days.
Danville, Aug. 3-3 days.
Lexington, Aug. 8-6 days.
Taylorville, Aug. 9-4 days.
Harrodsburg, Aug. 9-4 days.
Brodhead, Aug. 17-3 days.
Shelbyville, Aug. 23-4 days.
London, Aug. 23-4 days.
Nicholasville, Aug. 30-3 days.
Barbourville, Aug. 31-3 days.
Monticello, Sept. 6-3 days.
Glasgow, Sept. 28-4 days.
State Fair, Louisville, Sept. 12-6 days.

Kills A Murderer.

A merciless murderer is Appendicitis with many victims. But Dr. King's New Life Pills kill it by prevention. They gently stimulate stomach, liver and bowels, preventing that clogging that invites appendicitis, curing constipation, headache, biliousness, chills. 25¢ at Penn's Drug Store.

South's Great Interest in Live Stock Projects

Cattle and Sheep Husbandry and Other Avenues Grow in Importance.

In no section of the American states is more attention being given to the study of cattle raising, sheep husbandry, horse and mule culture, etc., than in the south. The mountainous country in West Virginia, Alabama, North Georgia, North and South Carolina, Tennessee, Virginia and Kentucky, afford fine fields for stock raising and kindred industries. This section, which is better known as the Appalachian region, is to be extensively exploited in a great Appalachian Exposition in Knoxville, Tenn., Sept. 12 to Oct. 12, of the present year. It will be a four weeks' series of exhibitions that will surpass anything of the kind yet undertaken in the south. Live stock, sheep, hogs, horses, mules, poultry, dogs, etc., will be there from all parts of the Appalachian region. The large buildings that are now under construction for the accommodation of these exhibits guarantee that they will be splendidly displayed, and that they will be among the chief features of the exposition. The agricultural products of the Appalachian states will also be conspicuously displayed, and products of domestic science, etc., will attract attention. Every avenue of commerce and industry in that region will be exhibited, and of course no little space and money will be devoted to the amusement features of the exposition. It is confidently asserted that the exposition will be worth traveling many miles to see, and Knoxville will be able to accommodate the hundreds of thousands of visitors who are expected.

Will Judge Some of Poultry Exhibits.

Men of National Fame Engaged for Appalachian Exposition Board.

Among the poultrymen of nationwide repute to judge the birds to be displayed at the Appalachian Exposition in Knoxville, Tennessee, September 12 to October 12 is Judge F. J. Marshall, of Georgia, who was last year voted the most popular judge in the south. Mr. Marshall has been thoroughly identified with the poultry interests of this country for twenty-five years. He has judged all classes, including the largest shows and expositions, such as Chicago, St. Louis and Jamestown Expositions, and such shows as Chicago, Detroit, Cincinnati, Pittsburgh, Washington, Augusta, Charleston, Birmingham, Dallas and scores of others. He is a member of the standard revision committee of the American Poultry Association for 1910.

Judge D. M. Owen, of Tennessee, has been officiating at poultry shows for the past twenty-two years, and is very popular with all classes. He has judged at many of the larger shows, including Kansas City, St. Louis, Louisville, San Antonio, New Orleans, Memphis, Montgomery, and at the Piedmont Exposition several times. He is a life member of the American Poultry Association and an official judge of the Brown Leghorn Club of America.

The Appalachian Exposition Poultry show will be the best the south has ever seen, and poultrymen appreciate the fact that this is the opportunity to show to the world what the south has in poultry.

Government Fisheries Exhibit For the South

Will Be Displayed as One of the Features of the Appalachian Exposition.

Among the many benefactions the United States government is giving its people, one of the most important to the mountain streams of the south, is the replenishing of fish. The fish hatcheries, one of which is located in the Appalachian region at Erwin, Tenn., supply millions of fish to rivers and smaller streams. The methods of fish culture, as conducted in these hatcheries, will be fully demonstrated in the fish exhibit which the federal government is to make at the Appalachian Exposition, to be held in Knoxville, Tenn., September 12 to October 12, of this year.

BUILDING NEW HOTELS.

Knoxville Preparing to Entertain 500,000 Exposition Visitors.

The people of Knoxville, Tenn., in which city the Appalachian Exposition is to be held September 12 to October 12, next, are making extensive preparations to handle the large crowds of visitors that are expected.

ARMY AND NAVY EXHIBIT

Will Be Part of Government's Display at Appalachian Exposition.

Assurances have been given by officials in Washington that the army and navy departments will have large and creditable exhibits at the Appalachian Exposition in Knoxville, Tenn., September 12 to October 12, of this year. The exhibits will include pieces of infantry and artillery and cavalry weapons, models of naval vessels, Indian war relics, types of uniforms of the army, and other things that will interest the militant spirits of the Appalachian region.

Pigeons and Pet Stock to Be Shown in Exhibit

First Show of Its Kind in the South Will Be Held in Knoxville.

It is anticipated that over three thousand fancy pigeons will be on exhibition at the first exclusively pigeon and pet stock show ever held in the south. Fancy pigeons of many varieties, constituting all sizes, colors and shapes, will be there billing and cooing and preening their pretty feathers. All sorts of pet stock, cavy, cats and toy dogs of every description.

Judge George Ewald, the greatest pigeon and pet stock man in the United States, has been secured to place the ribbons, and valuable prizes will be awarded. This show, which will attract thousands of people to the Appalachian Exposition at Knoxville, Tenn., next fall, has been fixed for September 27 to October 1.

President Taft Is To Visit South In Fall

Head of the Nation Will Be Guest of the Appalachian Exposition for One Day.

President William H. Taft is planning to visit the south during the months of September or October. He has accepted the invitation of the Appalachian Exposition, at Knoxville, Tenn., to visit that great fair some time between Sept. 12 and Oct. 12. It is the President's desire to be in Knoxville upon the opening day of the exposition, if possible, but in the event he is unable to get there then, he will surely visit the great southern show during the four weeks it is to continue. President Taft is very much interested in the Appalachian Exposition, partially on account of its sentimental and material connection with the Appalachian forestry preserve and conservation project which is now being favored by high powers of the national government. The President regards East Tennessee and the Appalachian region contiguous thereto as one of the garden spots of the nation, and he is very desirous of visiting it again, not having been through that section since his campaign tour in the early fall of 1908. The Appalachian Exposition management declares that "Taft day" will be one of the big features of the exposition, and preparations are already being made to entertain hundreds of thousands of visitors upon that date.

Among the poultrymen of nationwide repute to judge the birds to be displayed at the Appalachian Exposition in Knoxville, Tennessee, September 12 to October 12 is Judge F. J. Marshall, of Georgia, who was last year voted the most popular judge in the south. Mr. Marshall has been thoroughly identified with the poultry interests of this country for twenty-five years. He has judged all classes, including the largest shows and expositions, such as Chicago, St. Louis and Jamestown Expositions, and such shows as Chicago, Detroit, Cincinnati, Pittsburgh, Washington, Augusta, Charleston, Birmingham, Dallas and scores of others. He is a member of the standard revision committee of the American Poultry Association for 1910.

Judge D. M. Owen, of Tennessee, has been officiating at poultry shows for the past twenty-two years, and is very popular with all classes. He has judged at many of the larger shows, including Kansas City, St. Louis, Louisville, San Antonio, New Orleans, Memphis, Montgomery, and at the Piedmont Exposition several times. He is a life member of the American Poultry Association and an official judge of the Brown Leghorn Club of America.

The Appalachian Exposition Poultry show will be the best the south has ever seen, and poultrymen appreciate the fact that this is the opportunity to show to the world what the south has in poultry.

The largest exhibit of pure-bred poultry ever held in the south is promised at this exposition. Already the idea has become popular, and many have stated that they are raising "exposition chicks."

Large cash prizes and many beautiful silver cups will be offered. A grand sweepstakes prize of \$100 in gold for the highest scoring pen of birds in the show, besides many state and special prizes, exclusive of the regular large cash prizes, are some of the attractions to breeders. There will be special prizes for each state in the Appalachian region, and an effort will be made for each state association to offer a grand state prize for the best pen. The American Poultry Association will offer valuable gold and silver medals, diplomas and ribbons, and the specialty clubs will offer cups and ribbons. Prizes at the Appalachian Exposition Poultry Show are going to worth striving for, and competition will be keen.

Forestry To Be Saved.

As Result of Conservation of Water-sheds in Appalachian Region.

One of the purposes of the Appalachian Exposition, to be held in Knoxville, Tenn., September 12 to October 12, of this year, is to attract more attention to the entire Appalachian region, with a view to strengthening the sentiment in behalf of conservation of watersheds in the mountain regions, for the purpose of saving the forestry. If the protection that is sought is afforded, the forestry interests of the Appalachian section of the south will be given an opportunity to rehabilitate, and in years to come posterity will thank the people of today for this work. The Appalachian Exposition's forestry exhibit will be of interest in this respect.

Double Your Profits by Using an

INDIANA SILO.

Ask any man who uses one. 54 per cent. of the food value of corn is contained in the shucks, cob, leaves and stalk, 46 per cent. in the grain, therefore corn hand in the field loses 51 per cent. total food value. The Indiana Silo is 95 per cent.

Why continue to waste poor stock? When the reach of all and fully guaranteed nine acres of corn and

Electro-Medical Baths for the sick.

We beg to inform you that we have installed our outfit for giving Electro-Medical Baths. This treatment as given by us is practically the same as that given at the famous Spas of Europe, and some of the Mineral Springs and large Sanitariums in this country for the cure of nervous and chronic diseases, and especially those diseases arising from an excess of uric acid in the system. Uric acid, by accumulating in the system in excess, poisons the blood and causes a great variety of diseases affecting the organs of respiration, digestion and excretion. It causes diseases of the skin and mucous surfaces, the heart and arteries, brain and nervous system, muscles and joints.

The uric acid condition is the cause of Rheumatism in its various forms; also diseases of kidneys and bladder, asthma, quinsy and bronchitis, catarrh, eczema, hives, itching and burning of the skin, palpitation of the heart, cold hands and feet, dizziness, mental depression, melancholia, neuralgia, chorea, hysteria, sunburn, headaches and a great variety of purely nervous symptoms. Old age and people of middle life are the greatest sufferers, but the young are not exempt.

A course—2 to 4 weeks—of our Electro-Medical Baths cures the system of uric acid and other toxic compounds; and, by removing the cause of disease, gives quick relief and a lasting cure. These baths in connection with our Violet Light Treatment, relax nerve tension, produce sound sleep, improve appetite and digestion and by so doing cure nervous diseases, headaches, insomnia, neurasthenia, nervous exhaustion, melancholia, etc.

Obese, or over fat people, get rid of 7 to 10 pounds per week without injury to heart or digestion, and with great improvement in health and appearance.

You are invited to consult with us freely in regard to yourself or friends.

Taft and Willson.

President Taft's blunders in the National administration remind one very much of certain features which have stood prominently in that of Gov. Willson in Kentucky. Col. William R. Nelson, editor of the Kansas City Star and a pioneer in the Taft band wagon, declares that "if the presidential election were to be held this year, Mr. Taft could not carry a state west of the Allegheny mountains." And in describing the growing hostility of public opinion since it became apparent that Taft has been supporting Cannon and Aldrich in their alignment with the "interests" and against the people, Editor Nelson says, "In all this transformation of public opinion there has been little bitterness. Instead, there has been general sorrow over the loss of confidence in a President of charming personality, who, partly from temperament, partly from lack of sagacity, partly from deficiency in aggressive, militant earnestness, has alienated the people who believed they had found in him the man to carry on the work begun by Roosevelt."

And those who have closely watched the work of Gov. Willson during the two and a half years of his administration and dare speak their candid opinions, will say that in a great many ways these references to Taft apply aptly to the Governor. There's no denying the attractive personality of the man. No better boon companion are gathered at a banquet board or braver raconteur told deeds of leve and war. But in the Governor's chair, with problems of state in the balance, a weaker hand at the helm or more vacillating executive judgment could hardly be imagined. It is a byword in Frankfort that no one ever knows what Gov. Willson is going to do; nor does he. Thrice that the public knows of he has had in typewritten form vetoed on important legislation only to withdraw them on the eve of formal announcement, and then send in approval of the bills. The latest advocate to obtain the executive ear generally influences the policy that becomes the gubernatorial dictum. Meaning well himself, he assumes that others are actuated always by sincerest motives, and believing thus, like Taft, has more often than not permitted himself to become the pliant tool of those who care little for the weal or woe of the commonwealth, can they but fatten on the public purse.

How greatly the resemblance between the two executives grows, as they are camped! Few doubt that they really want to do what is best, but how far short they are falling of satisfying the people that they and the party they represent are competent to safeguard the state and nation!

THE Commissioner of Agriculture, M. C. Rankin, has announced as a candidate for the republican nomination for Auditor. If it's got to be a republican again—which we hardly believe—none would suit us better. Rankin has certainly been the friend of us corn-growing farmers.

Pulliam-Lentz.

Popular Lincoln County Girl Weds Man From Washington.

Miss Eugenia Pulliam, daughter of Mrs. Sara Lentz, of this county, living near the Boyle county line, and Mr. William H. Lentz, of the government printing office, Washington, D. C., were united in the holy bonds of wedlock at her home Wednesday by the Rev. Everett Gill, pastor of the Baptist church at Danville. Miss Pulliam is a very attractive young woman, a member of an old and prominent family, and the young couple have the best wishes of a host of friends. After a short wedding journey they will make their home in Washington.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by G. L. Penny.

Notice.

On Friday and Saturday, the 22d and 23d of April, 1910, the city council has directed that all property owners and renters clean up their premises. A team, wagon and driver will be furnished by the city on the above days to make the rounds, to carry away your trash and rubbish. Be ready for him whenever he comes.

W. K. Shugars, J. R. Powell, Sanitary Committee.

Committee Called in Eleventh.

A. T. Siler, chairman of the republican Congressional committee in the Eleventh district, has issued a call for a meeting of that body in Corbin, April 30th. The purpose of the meeting is to fix a time and place for naming a republican candidate for Congress in the Eleventh district. The candidates for the nomination are Congressman U. C. Edwards, the incumbent, and Caleb Powers.

Every family and especially those who reside in the country, should be provided at all times with a bottle of Chamberlain's Liniment. There is no telling when it may be wanted in case of an accident or emergency. It is most excellent in all cases of rheumatism, sprains and bruises. Sold by G. L. Penny.

Red Light.

Red sorrel horse, 4 years old, 16 hands high, extra weight and bone. Sired by famous roader and sire, Red Leaf, who is too well known to all horsemen to need description and pedigree, he by C. F. Clay 2:18, 1st dam by Red Wilkes, Red Light's 1st dam was Day Maid by Cocalian 2:30 son of the great Gambetta Wilkes; 2nd dam Nell by old Balsora, 3rd dam Noonday by St. Elmo; 4th dam Mid-night by Pilot, Jr., 5th dam Twilight by Lexington; 6th dam Darkness by Wagner.

In offering the services of this promising young stallion we feel safe in saying that with his size, style, form, speed and action that he is bound to prove a great stock horse. Will stand at my livery barn in Stanford at \$15 to insure a living colt, money due when colt is foaled or mare parted with. Be sure to see him before breeding your good mares.

G. G. BEAZLEY, Stanford, Ky.

King Eagle, Jr.

Pedigree—Sired by S. T. Harris' King Eagle Vol. 6 A. S. H. R. No. 2556; he by Royal King 2555; he by On Time 745; he by Stowall Jackson 72; Royal King's 1st dam Molie Mount 2584, was by the noted sire Cabell's Lexington. S. T. King Eagle's 1st dam Hip 3579 sired by Eagle Bird 14, he by Old King Eagle 750, 2nd dam Red Lion, 3rd dam Harris Denmark by Miller Denmark 45, 4th dam by Jim Bell. King Eagle Jr.'s 1st dam was Molie Drennon, she by Old Drennon, 2nd dam Copper Bottom and runs back to Davy Crockett, thoroughbred.

Note. King Eagle is five years old; dark bay with one white hind foot; nice mane and tail. He stands full 16 3-4 hands high, weight, 1,425 lbs. and well proportioned in every way.

A combined stallion with plenty of speed, style and action, and his colts show that he is a fine breeder. He had colts to come last Spring that the owners refused \$150 for before weaning time. He will make the season of 1910 at our barn, one mile west of Waynesburg on Fishing Creek at \$10 to insure a living colt. Mares traded, parted with or bred elsewhere without my consent forfeits the insurance and the money becomes due at the time of such transaction. Care will be taken to prevent accidents but not responsible should any occur. Will also stand a

GOOD MULE JACK, SAM KEENE, sired by S. T. Harris' great Billy Keene and out of a pedigree jennet. Sam Keene is 14 1-2 hands high; black with white points. He has proved himself to be a good breeder. Will stand at \$8 to insure a living colt. A hen retained on all colts until the season money is paid.

C. G. CALDWELL & SON
R. F. D. 4, WAYNESBURG, KY.
Phone in residence: Waynesburg Farmers' Ex.

DON VARRICK

This magnificently bred young stallion will make the season of 1910 at my stable near Stanford, Ky., on the Shely Oly pike at \$15 to insure a living colt. Don Varrick is a dark bay with a black chestnut short back heavy bone in fact the highest quality of bone and perfect disposition. He is by the great Oldward Silver 2:35, that won the Miss Transylvania in a seven furlong race in 1902 and the same year won the \$10,000 Bonner Memorial and \$10,000 M. & A. C. B. broken hounds and sold for \$2,000 and later for \$5,000. Don Varrick is bred exactly like Spanish Queen that won the \$5,000 Transylvania in 1908 making a record of 2:30 and was classed one of the best in the country, being one of the greatest money winners on the grand circuit in 1908.

Oldward Silver is by Oldward, one of the greatest and best sons of George Wilkes. Oldward's dam was the dam of Director, the sire of that great family of trotters and drivers. Oldward's dam was by Wilkes Boy, by George Wilkes a full brother to The Way 2:35, and half sister to Madeline Patchen the dam of Hubber 2:10, Whilchester 2:19, Billy Wilton 2:30, and Madeline 2:30, 2nd dam Mary by Bogg's Grey Eagle the dam of The Way and Madeline Patchen.

Don Varrick's dam produced Dr. Conner that paced a public half mile on the Lexington track at months in 1:00% and sold to W. V. Hurlburt of New Haven for \$1,000. Don Varrick's dam was by Oldward, 100, and his mother 2:27 1/2, the outside of track. Please note the rich inheritance on both sides, not a missing link for generations. Breed to this fellow and you can't miss the four things every breeder wants: speed, good bone, good disposition and a good trotter. See him before booking your mares. Reasonable money due when mares are parted with or bred to another horse. Mares kept at 10c per day and all care taken, but will not be responsible for accidents or escapes. Don Varrick is a 2:10 trotter if he had the proper handling.

Also at same place will stand
Two Mighty Jacks Two,
CLIFTON and RUSSEL.

Clifton is a black jack with light points, 4 years old last September, 15% hands high with a matchless head and car, well set on a rangy neck, has plenty bone and substance and as a breeder he is the equal of any jack. Both of these jacks will serve mares at \$10 to insure a living colt. Trading the mares for forfeits the insurance. (The mares taken care of prevent accidents, but will not be responsible should any occur. Jennets will be cared for after June 1st, and bred by private contract.)

E. P. WOODS,
J. H. WOODS.

THE INTERIOR JOURNAL, STANFORD, KY.

Almont Dare

3228.

A. S. H. R.

Sired by Digny Dare 1982, he by Chester Dare 10, he by Black Squirrel 58, he by King William 97, 1st dam Teaway 4768, also registered in Vol. 10, A. T. H. R. She by Abdellah Mambrino 3715, he by Almont (33); 2nd dam Lady Davis by Crit Davis, by Bourbon Chief; 3rd dam Matie S., by Foreign Light, by Foreigner, by Imported Glencoe; 4th dam Betty C., by Cunningham's Copperbottom; 5th dam by Imported Buzzard.

NOTE.—Almont Dare, so far as we are able to discover is the first horse on record having to his credit the honor of defeating with his own progeny those of his sire, Digny Dare. Since he first became a sire he has had from 1 to 4 premium colts shown each year at the different county fairs and they are developing into a fine lot of walk, trot and 5 gaited ones. This horse is the result of a lifelong mating with the best dams and sires obtainable, and as a natural result is a fine horse, beautiful bay, about 16 hands, and made fat, would weigh around 1200 pounds. A show horse among champions, fully their peers, going 6 distinct saddle gait all fast, true and naturally extremely high. A high tailed one. He is a full brother to that walk-trot geld-

ing Noddy that sold at a 4 year old, for \$3,600; and to Toxy Dare that has won more premiums than any mare ever sired by Digny Dare and a list of others too numerous to mention. This horse, owing to age and location, will make the season at our stable, 2 1-2 miles from Hustonville on Hustonville and Liberty pike, at \$15 to insure a live colt. Mares traded or bred elsewhere renders season due. Grass in abundance at \$2 per month. Our personal attention to all stock, but will not be responsible for accidents. Correspondence and best of all inspection invited.

E. S. POWELL & SON,
Hustonville, Ky.

PERCHERON.

Sidi 62761.

Imported from France 1907, foaled 1904.

Sidi will stand at the Nunnelley Stock Yards. Will let him serve a few mares at \$15 to insure a living colt. Not responsible for accident. Mares pastured at \$2.50 per month. Phone 124 W. O. WALKER, Stanford, Ky.

New Sprign Shoes,

New Wash Suits.

Our new low shoes have all the style and quality possible for human skill and experience to put into a shoe. There is a certain refinement to these shoes that few possess. The effect of your dress is spoiled by an ill fitting badly lasted shoe. We have the new one, two or three strap slippers in suede, gun metal, patent. Let us fit you with the style that looks best on your feet. Prices \$2.50, \$3 and \$3.50.

The wash coat suit is a necessity in every lady's wardrobe, they are comfortable, clean and fresh looking and take the place of a thin dress or woolen dress. If you paid the price we ask for the suit for the making alone you could not get any better workmanship. Every skirt to these suits are shrunk before making so there is no drawing up. Prices \$5 to \$10.

SEVERANCE & SON,

Stanford, Kentucky.

Many mixtures are offered as substitutes for Royal. None of them is the same in composition or effectiveness, so wholesome and economical, nor will make such fine food.

ROYAL

Baking Powder

Absolutely Pure

Royal is the only Baking Powder made from Royal Grape Cream of Tartar

Needles, Bobbins and Shuttles for all sewing machines at Penny's Drug Store.

PERSONALS.

Mrs. MARY GENTRY was the guest of friends at Hustonville.

PROF. E. L. GUTHES, of Junction City, was here Wednesday.

COL. HALL ANDERSON, of McKinney, was here on business Wednesday.

G. W. PULLIAM, of Lexington, came over this week to attend the wedding of his sister, Miss Eugenia, to Mr. Lentz.

COUNTY CLERK GRO. B. COOPER is spending a few days at Martinsville, Ind.

M. A. JOHNSON was in Louisville this week.

L. WEAREN HUGHES, of Louisville, spent Sunday with the home folks.

MRS. BESSIE MCKINNEY entertained Wednesday evening with an informal dinner in honor of Miss Lallah Ruth Nuckles, of Louisville, who is visiting at Crab Orchard.

The occasion was a most delightful one for those friends of the hostess and charming guest present.

FRANK PHILLIPS is out again, after a severe bilious attack.

JAS. C. REED will spend some time at Elixir Springs.

MRS. BOHON CAMPBELL is spending a few days with her parents in Lancaster.

JOHN OWSLEY REED has returned from Cincinnati, where he has been under treatment. He has improved greatly and is almost himself again, his many friends will be glad to know.

MRS. J. E. LYNN, of Stanford, who has been at Rochester, Minn., where she underwent a delicate operation, will arrive in Danville to night. She will remain here several days with her daughter, Mrs. W. Logan Wood, on Maple avenue. She will be accompanied by Mrs. J. E. Claunch, of Somerset, who has been with her at the sanitarium. —Danville Advocate.

Miss Lucia Burnam, who was to have sailed for Europe on May 10th, has changed her plans and will not sail until June 2nd. Miss Burnam has been appointed by the General Assembly of the Southern Presbyterian church as one of the three delegates to attend the General Missionary Conference to be held in Edinburg in June. Miss Burnam expects to continue her travels afterward and will make an extended tour of Italy, Switzerland, the land of the Nile and other places of great interest. Miss Belle Bennett, who is one of the best known women in the Methodist church, South, will also attend the above conference. —Richmond Citizen.

These part silk fabrics are for style and beauty unsurpassed. Very suitable for this season's style of dress. 50c yd.

M D Hughes, Samuel Embry, Misses Fannie and Bettie West, Mamie and Ethel Walter, Nellie Johnson, Allie Yantis and W. S. Embry and wife.

Complying with the request that all

churches of the United States should

give a service on April 24 to a discus-

sion of the "White Plague," a program

following out this plan will be arranged

by the ministers of this city for next

Sunday evening, in which both the

physicians and teachers will deliver ad-

dresses on the subject of tuberculosis.

Mrs. Louis Landram came over from

Danville and had her household goods

moved to the Boyle county capital,

where Mr. Landram soon starts his per-

son, the Danville Messenger.

Arrangements are being made to send a committee to Washington in the in-

terest of the proposed new govern-

ment building for Lancaster. Senator Brad-

ley has promised to use his influence to

secure this appropriation and his for-

mer townsmen believe he will succeed.

A Chicago architect has submitted to

the board of trustees of the Lancaster

Graded School the plans for a new

school building. The design arranges

for five new rooms with cloak room ad-

joining each, and a spacious auditorium

to seat from 600 to 800 people.

Tonic or Stimulant?

There is an immense difference between a tonic and a stimulant. Up one day, way back the next; that's a stimulant. Steady progress day by day toward perfect health; that's a tonic. Ayer's Sarsaparilla is a tonic, a strong tonic. The only Sarsaparilla entirely free from alcohol. Do not stimulate unless your doctor says so. He knows. Ask him. Do as he says. *J.C. Ayer Co., Lowell, Mass.*

Constipation is the one great cause of sick-headache, biliousness, Indigestion, bad breath, debility, nervousness. Has your doctor ever recommended Ayer's Pills to you?

Special Sale of HOOSIER SHEETING

For one week only beginning April 25th, we will offer

HOOSIER SHEETING

For 7c per yard. To the untrained eye all muslins look very much alike but to the woman who knows there's a vast difference, the Hoosier sheeting is soft to the touch, has an even selvage and is full yard wide and of a weight that will fill a thousand and one household needs. We consider it one of the very best muslins on the market.

SOME FALSE ECONOMIES.

Some of the worst blunders that are made by tillers of the soil and those engaged in animal husbandry are the result of practicing shortsighted financial economies—the attempt to save in that cost followed by increased losses later on. To this class of economies belong the purchase of scrub or cheap grade sires for the dairy or beef herds, the use of poor seed on high priced land, and when good seed costing a half cent would give three times the crop return, the use of wornout and dilapidated machinery and tools when money would be made by the use of those new and up to date, the plowing along in the same old rut in the field without Babcock tester or cream separator when money could be made by the use of both, the refusal to buy a manure spreader or other labor saving devices which would make possible a maximum utilization of the various farm resources and, lastly, the use of the old, played out fuel wasting stove and furnace when the new would do vastly better work at a minimum consumption of fuel.

This is but a partial list of false economies but enough have been mentioned to suggest a predictable line of thought. This fault may be summarized in the statement that the trouble lies in holding the copper or nickel so close to one's eye that it rules one's perspective of the real value of things and obscures the distant dollar or eagle that might be made were a more intelligent and enlightened policy adopted.

SOME SILO ADVANTAGES.

In many sections of the corn belt during the past few months corn has not only spoiled from being left in the field as a result of heavy snows, which made husking impossible, but considerable quantities of that which was stored also spoiled because it was not properly dried out when stored. But that corn which was cut in season and put in the silo was safe not only from frost damage, but from possibility of rot and mildew as well. There ought to be a suggestion in this all too general situation for the farmer who would combine the best intelligence with brawn in his farrowing operations. There is no debating the question that the silo offers both the safest and the most economical method for handling this great cereal staple of the country. It is now too early now to begin making plans for a silo if one contemplates installing one next fall, as a study of prices and types of silos should be made, while a visit to several farms where they are in successful operation, coupled with inquiries made of the owners as to their experience with them, would be time very well spent. The greatest agricultural task in the country today is the result of the present careless methods of handling the corn crop. The use of the silo offers the best way out.

THE LAWING CHAP.

We have in mind a fellow who is everlasting at law about something or other. Part of the time it is because he fancies he has been wronged in some way by those with whom he has had dealings, while the rest of the time he is a defendant in suits brought by his fellows who feel that he has been an offender in an attempt to get what did not belong to him. While seemingly a strong believer in the law as a corrective of theills from which folks suffer and a generous contributor toward the maladjustment of its machinery, he now and then is hauled into court for open violation of the statutes. It goes without saying that this chap is a mighty disagreeable person to get along with, but rating as a man being way below par in the family as well as in the community in which he lives. He makes rich pickings for the lawyers, who are the only ones who are the gainers from the squabbles and suits in which he becomes involved.

THE STRAWBERRY BED.

In view of the fact that strawberries are among the most delicious of the garden fruits it seems strange that more folks do not have a patch to supply the family table and, if the bed does well, to sell to the neighbors. The plants should be set in rows from two and one-half to three and one-half feet apart, depending upon whether the hill or row system of culture is followed, while the plants should be from one and one-half to two feet apart in the row, depending somewhat upon the variety. The bed should be set while there is sufficient moisture in the ground, should be given frequent cultivation and kept free from weeds and watered if the rainfall is not sufficient. If the plants are not real thrifty all blossoms should be snipped off the season the plants are set out. When a bed has produced two full crops it should be plowed up and some legume sown to give the land a rest.

India's wheat area is 27,000,000 acres. The bulk of the crop is threshed by hand, and the yield is from eight to twelve bushels per acre.

The time it takes a fellow to set fire to a pile of rubbish that he wants to dispose of makes him scratch his head to see how a barn will catch fire from simply throwing down a supposedly dead match or the stub of a cigar.

Many a failure to get a start in alfalfa seems traceable to a need of liming and sweetening the soil or to use of seed and soil neither of which has been inoculated with the bacteria whose presence seems quite indispensable to the best growth of the legume.

When the cow seems greedy for dirt or pain or wants to gnaw old bones it is fair to assume that there is lacking from her ration some element which she ought to have, and this is quite likely to be bone forming matter. The difficulty may be righted by feeding wheat bran or giving bone meal in the ground feed occasionally and seeing that the cow has plenty of salt.

It will be well for gardeners of a competitive turn of mind who live north of the latitude of Tennessee to pass up trying to win the \$1,000 prize offered by a well known seed house for a bush Lima bean stalk bearing 600 pods. The Lima bean is to all intents and purposes a tropical plant and requires a degree of heat for its best development, found only in the southernmost states.

It speaks well for the type of instruction which is given at the agricultural short courses over the country that three of the five silver cups given by the Milwaukee chamber of commerce for the best exhibits of spring wheat, winter rye and Oderbrucker barley were won by a young man, a graduate of the 1907 class of the short course school. Thus the day has gone by, if ever was, when a fellow has to be gony headed before he can succeed in agricultural, horticultural or animal husbandry lines.

Where the pruning of the orchard has been neglected and the putting of the tree in proper shape would necessitate very heavy cutting of surplus branches it is well to do part of the work one season and complete it the next instead of doing it all up at one time, as one's natural inclination often is. Spreading the job out over two or even three seasons relieves the tree of a shock that often results in permanent injury. Of course this refers chiefly to pears and apples, for the peach stands for heavier pruning than either without injury.

If moss luxuriates on the shingles and snails are now and then seen clinging to the clapboards and door knobs it is presumptive evidence, unless one lives in a section where it rains all the time, that there is too much shade about the house. If such is the case some of it should be removed, whether through the removal of whole trees or the trimming up and thinning of the branches. Sunshine is recognized by all health authorities as one of the most effective germ destroyers known, and unless a good supply of it plays on the house and the ground immediately surrounding things are too wet and a decidedly unhealthy condition prevails which ought to be righted.

The Crop Reporter for February, issued under the supervision of the department of agriculture at Washington, contains some interesting statistics relative to the number and value of farm animals in the country Jan. 1, 1910, as compared with the showing of a year prior. The number of horses shown on Jan. 1, 1910, is 21,040,000, their value being placed at \$2,276,833,000, or an average of \$108.19 per head. This is an increase in number of 400,000, while the average value per head shows an increase of about \$12.50 for the period. The total number of mules at the last report was 4,123,000, an increase of 70,000 during the year and an increase in value per animal of \$12. Although swine show a decrease in numbers of 6,395,000 in a total of 47,782,000, the increase in total value is \$81,809,000, or \$2.50 per head during the year. The number of sheep is placed at 57,216,000. This is an increase during the year of 1,132,000, the total increase in value being \$41,002,000, or 65 cents per head.

Apparently seedsmen in the country don't relish being advertised as vendors of adulterated grass seeds, for the number who have been found guilty of the practice in need investigations made by the federal seed testing departments in different parts of the country are far fewer than the number reported the preceding year. Of 630 samples of red clover seed tested by the department last season but fifty-four, or less than 10 per cent, were found adulterated as compared with over 50 per cent adulterated in the samples of seed examined in 1908. The seed examined is bought on the open market and if found to contain impurities or adulterations the per cent of such admixtures, together with the names of the firms selling, is printed and given wide circulation in pamphlets issued by the department. If one has grass seed which he suspects contain impurities he may have the same tested by submitting samples to the seed laboratory at Washington or to the branch seed testing laboratories operated in connection with the state experiment stations at Columbia, Mo.; Lincoln, Neb., or Corvallis, Ore. There is hardly a state but whose experiment station will make a like report on the purity of seeds if samples are submitted by residents thereof.

Brimming the salinity given to a first class buttermilk is like planting cheap seed corn at \$1 a bushel when first class seed could be secured for from \$3 to \$6. We have known of creamery companies losing thousands of dollars by just such a policy as this "penny wise and pound foolish" kind.

A partition fence may prove a source of good will and neighborliness or enmity, depending upon whether the respective owners do or do not meet their obligations connected therewith. The same principle works out much the same with a number of other matters of everyday life which might be named.

The one great advantage that western states have over central and eastern is in the nearly ideal conditions which prevail during the harvest season of small grain and forage crops. Because of this it is possible to leave small grain standing weeks after it is fit to cut and to take alfalfa from the stack as bright and green as the day it was made.

Whatever may be the net result of the congressional investigation into the Ballinger-Pinchot affair so far as either man or the public welfare is concerned, it is nevertheless a fact that a good deal of information is being made public which is not only interesting but highly entertaining to the public and of a type, by the way, which certain interested mining, rail way and other syndicates would quite likely a great deal rather have kept in the dark.

It speaks well for the type of instruction which is given at the agricultural short courses over the country that three of the five silver cups given by the Milwaukee chamber of commerce for the best exhibits of spring wheat, winter rye and Oderbrucker barley were won by a young man, a graduate of the 1907 class of the short course school. Thus the day has gone by, if ever was, when a fellow has to be gony headed before he can succeed in agricultural, horticultural or animal husbandry lines.

Whether in the case of neighbors or members of the same household, it holds that when two people set out to see how mean they can be they seem to succeed, each surpassing the other by a good lap every turn in the game, to the increasing wrath and discomfiture of both parties concerned. On the other hand, if the contest is one in which there is an effort to outdo one another in consideration and kindness the results are also cumulative, being edifying rather than destructive and contributing substantially to the cause of human happiness and decent living.

An inspection of the root system of a mature alfalfa plant enables one to realize at once that disking and harrowing a field well established for the purpose of killing out grass and weeds could not possibly destroy the stand. One alfalfa farmer whose case was reported to us on the other day went over such a field with a spring tooth harrow, then disked the piece and followed this with several draggings, which left the soil as mellow as would be required as a seed bed for small grain, hardly any alfalfa crowns showing at the time the process of renovation was finished. That it did not damage the field a bit was shown in his getting the best alfalfa crop that season that he had had in years.

There would seem to be slight excuse for shoddy and indifferent farming in communities where land is worth from \$60 to \$100, and far less excuse for this type of management in fruit valleys where land is priced at from \$300 to \$1,500 an acre, yet notwithstanding this just such fellows are too often run across, and the query that naturally arises in the mind of the newcomer from the sections of lower priced land is what the owners of such abused and neglected properties can be thinking of. The situation as indicated simply goes to show that whether in sections of low or high priced land it is, after all, the type of management rather than favorable or unfavorable climatic and soil conditions that may prevail that is responsible for the measure of success achieved in the great majority of cases.

The excellent state experiment stations scattered over the country and maintained by taxes which come out of the pockets of every property owner are doing a most valuable work along the several lines to which they are giving attention, but their usefulness could be measurably increased would agriculturists and horticulturists refer to the experts in charge often than they do matters on which information would be valuable. For instance, most all of the experiment stations will test and report on the impurities contained in grass seed, will test stock foods, the vitality of corn and other seeds, will identify the fungous and insect enemies of fruit trees as well as noxious weeds and give brief methods of eradication and answer dozens of other questions that arise in everyday farm management. Experiment stations are established for the use of the public, and the more frequent the demands made upon them for information and assistance the more fully do they perform their mission.

J. F. Trigg.

GO RIGHT AT IT.

Friends and Neighbors In Stanford Will Show You How.

Get at the root of the trouble. Rubbing an aching back may relieve it, but it won't cure it. You must reach the root of it—the kidneys. Doan's Kidney Pills go right at it; Reach the cause; relieve the pain. They cure, too, so Stanford people say.

Capt. Thomas J. Richards, W. Main Street, Stanford, Ky., says: "Many years ago my kidneys began to trouble me. My back grew so lame that I could not stoop and I slept poorly at night. Sometimes [an almost complete retention of the secretions existed, then again I had a frequent desire to pass them. When the secretions were voided, a burning pain was in evidence. I finally had the good fortune to learn of Doan's Kidney Pills and I commenced their use. This remedy gave me great relief and in view of my experience, I consider it the best preparation of its kind I have ever taken. I have recommended Doan's Kidney Pills to scores of people and everyone has reported that good results have followed their use."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Hubble.

J. M. Rankin is in Wayne county visiting relatives. Squire Jas. McKechnie has been summoned to the Federal court at Richmond as a petit juror.

William Anderson and Miss Flora Combe were married at John Anderson's last Friday. Clancy Miller's baby has pneumonia. L. P. Weaver will go to Rutherford Monday to attend Federal court as a juror.

Children's day exercises will be held at McKendree church on the second Sunday in June.

Our hustling merchant, L. B. Sanders, has just put in a nice line of furniture. He also carries a full line of everything needed by the farmer's and is getting a nice trade.

Will Spoonamore sold a harness mare to James Sanders, of Hiattsville, for \$250.

Farris Fitzpatrick and wife, Haven McBeth and wife, and Harvey McBeth and wife visited at D. F. Rankin's Sunday.

Dorsey Golddust, 12052.

Full Brother to Estelle No. 219. Sired by Zilcad Golddust, 4400—by Goldust 150, by Vermont Morgan and on to Justice Morgan. The dam of Zilcad Golddust was by Imp. Arabian stallion Zilcad. The dam of Dorsey Golddust is Florence by Golden Miugo Chief, a son of Gaff's Comet Morgan.

Note—This is an intensely inbred Morgan stallion, the blood now in demand. A rich dappled bay, black points, 16 hands high, 1200 pounds stallion of great beauty and action, with speed and endurance and unexcelled as a producer of high class show, road and Eastern horses. The records of his produce both in show and sale rings show his value and merit as a producer of fine road, show and sale horses. A look at sire and colts will be convincing.

Will make the present season at my farm 2 1-2 miles from Stanford, Ky., to approved mares at \$15 toins are a living colt. Mares kept at 10¢ a day. The best of attention given but no responsibility for accidents or escapes.

F. REED.

PRESTON.

NO. 922 VOL. 11.

This Champion 5 gaited saddle stallion of Kentucky.

Winning at all the Kentucky fairs and also at the horse shows at Buffalo, N. Y., St. Louis Mo., and Kansas City.

Sired by Washington No. 54, first dam Bell by Rhoderick, No. 104, second dam by Denmark.

Preston is a brown horse 15 3-4 hands high with fine style and very high action.

He has not only proven himself to be a great show horse, but also a great breeder. He is the sire of Carroll Preston owned by W. O. Walker of Stanford, Ky., for which he refused \$3,500 last season when he was only 3 years of age.

He is the grand sire of Diana of the Lea, a winner at Madison Square Garden last Fall, for Lawrence Jones who paid \$5,500 for her, also a grand sire of Queen of the Night that sold in N. Y., March 14, 1910 for \$850.

Preston will make the season of 1910 at my stable in Crab Orchard, Ky., at the reasonable figure of \$20 to insure a living colt. Will keep mares on grass at \$2.50 per month but will not be responsible for accident or escape of stock. Season is due if mare is mated or parted with or bred to other no.

J. C. BAYLEY,

Crab Orchard, Kentucky.

Kentucky Farmers

think that if they raise 20 bushels of wheat or 15 barrels of corn to the acre they are doing well.

ARIZONA RANCHES raise from 6 to 9 crops of Alfalfa a year, yield from 1 1-2 to 2 tons to the acre per cutting, which sells from \$10 to \$20 per ton. We have ranches that yield two crops of corn a year, and no dry years, for all we have to do is to make it rain, is to turn on the water in the irrigation ditches.

We have fruit ranches, cattle ranches, chicken ranches, hay ranches and, in fact, anything in the ranch line, large or small, and at all kinds of prices.

Arizona will soon become a state and is coming to the front very rapidly. All kinds of property are in great demand and getting higher every day. Railroads are being built; gold, copper and zinc mines producing untold wealth, and we have the finest climate in the world.

All inquiries answered promptly.

Robert C. Saufley,

Of the G. A. MARSH COMPANY,

Parker, Arizona.

GEORGE HUR,

A very fine draft stallion, weight 1,600 pounds, stands full 16 hands high. He was sired by Ben Hur Major, 273, 3135, Grand Street Scott, 2430. Dam, Jennie Beatrice, Clydesdale. George Hur is half English coach and half Clydesdale; best draft horses in the state. Will make the season at my place at \$10 to insure a living colt. Colts can be seen at my place. They show for themselves.

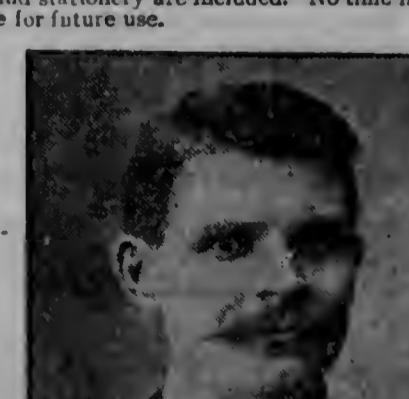

I will also stand two Jacks and a Shetland pony at \$10 each to insure a living colt.

M. S. BAUGHMAN, Stanford, Ky.

Sidi, the great Percheron stallion, which Waler Walker has had standing here, will be in Mt. Vernon for the next two weeks. After that he will be in the stud here again.

Yellow mare came to my place April 16. Owner can get her by paying for this notice and her keep. Phil B. Thompson, Preachersville, Ky. 2t.

J. H. Caldwell, a farmer near Spartanburg, S. C., broke up an acre of ground with 800 charges of dynamite, the explosive being used instead of a plow. Mr. Caldwell claims that blasting land with dynamite is the best method for subsoiling and that it can be done more cheaply than by manual labor. Many persons were present to witness the experiment.

Hemp is bringing 15.00 in the Paris market and farmers are finding it hard work to get their crops broken out.

Two Good Sales.

Stock continues to sell well and the demand is good in Lincoln county. Col. J. P. Chandler cried two sales this week and everything went in a hurry. At the Livingston sale in the Maywood section, mares brought \$75; a horse for \$120; cows at \$40; a 700-pound heifer at \$40; hogs sold at \$40 and corn at \$3.35 to \$3.50. At the Fred Karla sale at Chestnut Ridge, Sterling, Kentucky, bought a horse for \$185; mares sold from \$160 to \$170; cows from \$24 to \$40; yearling heifers from \$20 to \$24; 120-pound hogs sold at \$12 a head. There was a big crowd present.

Garrard County Sales.

At Lancaster J. W. Walker sold a sow and nine pigs for \$50 to A. W. Kavanaugh. H. K. Herndon bought of Russell Floyd six shots at \$6. F. S. Elkin bought five cows from B. D. Holtzclaw at from 4 to 5 cents, one cow from Paga Brown at 4½ and butcher stuff from Alex Walker at 4½ to 5c. Rufus Blakeman sold to Dr. J. S. Gilbert a good horse for \$225. Maurice Ross sold to T. O. Hill a yearling colt for \$100. Banks Hudson bought a three-year-old horse of R. Burnside for \$200. W. Whittaker bought a horse of A. T. Saunders for \$130. Joseph Hicks sold a good work horse for \$110.

Preaching At McCormack's.

ship at the Presbyterian church, where Dr. Moffett will preach. Rev. Hoskins will preach Sunday morning at Halle Gap and Sunday night at Rowland.

Rowland.

Rev. John Hoskins, of the Baptist church, organized a Sunday school at the old church on the hill Sunday afternoon with Mr. Jones as superintendent. About 40 pupils were enrolled and much interested taken.

Measles is raging again in this community.

Mrs. Annie Martin, of Danville, is with her relative, Mrs. Bastin. Mrs. Clapp, of Lebanon Junction, is visiting her sister, Mrs. Robert Albright. John King, wife and daughter, visited relatives here last week. Miss Emma McFarland, of Corbin, was the guest of Miss Emma Napier. J. L. Murphy and wife, of Lebanon Junction, were visiting O. D. Murphy. Charlie Lear, of Brodhead, is with his sister, Mrs. Ollie Iritchitt. Mrs. S. E. Carter is expecting her daughter, Mrs. W. R. Holly, from Lebanon Junction, this week.

An Expert's Opinion of Skin Diseases.

A prominent, national expert on skin diseases whose name you are familiar with, says that in all his scientific experience he has never found so hard a disease to conquer as eczema. Yet he does not hesitate to recommend ZEMO as a most successful remedy for the treatment of Eczema, itching skin diseases, dandruff, pimples, blackheads and all other diseases of the skin and scalp.

He says that not only do its curative qualities make it popular, but also the fact that it is a clean, liquid remedy for external use. A great improvement over the old style greasy salves and lotions which are not only unpleasant to use but do not destroy the germ life that causes the disease. ZEMO draws the germs to the surface and destroys them, leaving the skin clear and healthy. Can be used freely on infants. G. L. Penny will gladly supply those who call with a free sample bottle of ZEMO and a booklet which explains in simple language all about skin diseases and how to cure yourself at home with ZEMO.

Itching Eczema Washed Away.

Is it worth 25 cents to you to stop that awful, agonizing itch? Surely you will spend 25 cents on your druggist's recommendation, to cool and heal and soothe that terrible itching eruption?

By arrangement with the D. D. Laboratories of Chicago, we are able to make a special offer of a 25-cent bottle of their oil of wintergreen compound, known as D. D. Prescription. Call, write or phone Shugars & Tanner, W. L. H. Hughes, S. & T. Co., 10th and Main Streets, Stanford. We are sure you will be pleased with the results.

Sims-Wall.

Miss Lillie Sims, the 15-year-old daughter of Tipton Sims, a prominent Lincoln county farmer, and C. E. Wall, a young farmer of Casey county, only 20 years old himself, were married at the home of L. P. Lee, in Casey, after they had secured the license from County Clerk Cooper here, the consent of the girl's father being given in writing.

COMMISSIONER'S SALE.

By an order of the judge of the 13th judicial district, in the case of H. E. Ross, plaintiff, vs B. H. Nash and others, defendants, I will on Thursday, April 28, 1910, at about 2 o'clock P. M. on the farm of H. E. Ross near South Fork Trestle in Lincoln county, Ky., sell at public outcry to the highest bidder, the following personal property:

Two gray mules, one bay mare, seven brood sows, one male hog, one cow and calf, 18 or 20 goats, two farm wagons, several plows, lot of harrow teeth, lot of bacon, two horses, one wagon, one stove, lot of tubs, bay and corn.

This property will be sold on a credit of three months. Purchaser will be required to execute bond for the price payable to me, with approved security, bearing interest from day of sale and further secured by a lien. Bonds must be executed on day of sale and before property is removed. H. R. SAUFLEY, Master Com'r and Receiver L. C. C.
